

BSS case for ATEM Extreme G2

The BSS Case is a highly professional, all-in-one live streaming system integrated into an extremely robust hard-shell case. It combines protection, functionality, and mobility to meet the highest demands of tough production environments.

Technical highlights:

- Brilliant monitoring: Integrated 18.5" Full HD monitor for perfect image control.
- Industry standard: Top plate and monitor frame made of precision-manufactured, powder-coated stainless steel.
- Intelligent thermal management: Integrated system power supply with PWM-controlled fan for whisper-quiet continuous operation.
- Pro connectivity: High-quality, durable connection sockets for daily use.
- Full accessibility: All 18 connections on the ATEM Extreme G2 are located on the rear panel; the CFexpress card slot is easily accessible in the top panel for quick media changes.

Maximum flexibility thanks to modular options:

Customize the case to fit your workflow. Optional upgrades include:

- Pro Audio Interface: Built-in Blackmagic Design Microphone Converter for high-quality audio inputs.
- Mobile Power & UPS: 12V battery connection for off-grid operation that also serves as an uninterruptible power supply (UPS).

Ready to use, securely protected, and uncompromisingly professional—the BSS case turns the ATEM Extreme G2 into a mobile production unit.

BSS case ATEM Extreme G2	Components
