

BSS case for Rodecaster Video S

The BSS case is an “all-in-one” live streaming video system in a

- sturdy hard case.
- with an integrated 16.1", full HD monitor
- an integrated power supply unit, a integrated fan
- as well as all connection cables and small parts for installing a Rodecaster Video S mixer.
- further options such as battery connection for operation with 12V and as an uninterruptible power supply can also be configured

All Rodecaster Video S connections are located on the case. With the integrated FullHD monitor, it meets all the requirements of a control room monitor and the Rodecaster Video is well protected and ready for immediate use in the sturdy case.

Additional optional functions can also be configured. (option)
